

THE ARC OF MADISON COUNTY'S AUTISM CLINIC MODEL STATE EXPANSION

The Arc of Madison County's Autism Clinic model serves children ages 2 through 5 and accepts Medicaid, some insurances (varies by location), and private pay. Partnering with pediatricians, we complete a full battery of assessments (see below) and then provide the pediatrician with a comprehensive evaluation report, which includes an individualized list of recommendations for the family. The pediatrician then decides the final diagnosis (using the DSM-5 checklist) and provides the results to the family for continuity of care. These locations have adopted the same clinic model.

BIRMINGHAM

Glenwood, Inc.
150 Glenwood Lane
Birmingham, AL 35242
(205) 969-2880

United Ability
100 Oslo Circle
